

1A-500 TREE SCHEDULE

1A-501 SHADE TREES - LARGE CANOPY		Ord. 3129/12-16-96
<u>A. Large Canopy Shade Tree Listing:</u>		<u>B. Protected Size:</u> Protected large canopy shade trees shall be any of the species listed which have a trunk diameter of 6-inches or greater, measured 12-inches above natural grade.
<i>Common Name</i>	<i>Scientific Name</i>	
American Elm	Ulmus americana	<u>C. Installation:</u> Any tree of a species marked with an asterisk (*) in the listing of species may be used as a replacement, landscape, or buffer tree. The minimum size required at installation for required replacement, landscape, or buffer trees shall be 3-inch caliper.
Black Hickory*	Carya texana	
Bur Oak*	Quercus macrocarpa	
Cedar Elm*	Ulmus crassifolia	
Chinese Tallow	Sapium sebiferum	
Chinkapin Oak*	Quercus muehlenbergii	
Green Ash*	Fraxinus pennsylvanica	
Lacebark Elm*	Ulmus parvifolia	
Live Oak*	Quercus virginiana	
Mesquite*	Prosopis grandulosa	
Pecan-Hickory*	Carya illinoensis	
Post Oak	Quercus stellata	
Red Maple*	Acer rubrum	
Red Oak*	Quercus shumardii	
Thornless Honey Locust	Gleditsia trianthos v. inermis	
White Oak	Quercus alba	
Winged Elm	Ulmus alata	
		<u>D. Buffer Tree Lines:</u> Tree lines established using large canopy shade trees shall provide a minimum 40 square feet of pervious area per tree with automatic underground irrigation provided. One tree shall be provided for each 35 linear feet and trees shall be planted no more than 35 feet apart (on center).

1A-502 SHADE TREES - SMALL CANOPY		Ord. 3129/12-16-96	
<u>A. Small Canopy Shade Tree Listing:</u>		<u>B. Protected Size:</u> Protected small canopy shade trees shall be any of the species listed which have a trunk diameter of 6-inches or greater, measured 12-inches above natural grade.	
<i>Common Name</i>	<i>Scientific Name</i>		
Bald Cypress*	Taxodium distichum	<u>C. Installation:</u> Any tree of a species marked with an asterisk (*) in the listing of species may be used as a replacement, landscape, or buffer tree. The minimum size required at installation for required replacement, landscape, or buffer trees shall be 3-inch caliper.	
Chinese Pistachio*	Pictacia chinensis		
Desert Willow*	Chilopsis linearis		
Ginkgo*	Ginkgo biloba		
Goldenrain Tree*	Koelreuteria paniculata		
River Birch*	Betula nigra		
Southern Magnolia*	Magnolia grandiflora		
Sweetgum*	Liquidambar styraciflua		
			<u>D. Buffer Tree Lines:</u> Tree lines established using small canopy shade trees shall provide a minimum 30 square feet of pervious area per tree with automatic underground irrigation provided. One tree shall be provided for each 25 linear feet and trees shall be planted no more than 25 feet apart (on center).

1A-503 EVERGREEN TREES		Ord. 3129/12-16-96																		
<p><u>A. Evergreen Tree Listing:</u></p> <table border="0"> <thead> <tr> <th><u>Common Name</u></th> <th><u>Scientific Name</u></th> </tr> </thead> <tbody> <tr> <td>Afghan (Mondell) Pine*</td> <td>Pinus eldarica</td> </tr> <tr> <td>Arizona Cypress</td> <td>Cupressus arizonica</td> </tr> <tr> <td>Austrian Pine</td> <td>Pinus nigra</td> </tr> <tr> <td>Deodar Cedar*</td> <td>Cedrus deodara</td> </tr> <tr> <td>Eastern Red Cedar*</td> <td>Juniperus virginiana</td> </tr> <tr> <td>Japanese Black Pine*</td> <td>Pinus thunbergiana</td> </tr> <tr> <td>Loblolly Pine</td> <td>Pinus taeda</td> </tr> <tr> <td>Slash Pine</td> <td>Pinus elliotti</td> </tr> </tbody> </table>		<u>Common Name</u>	<u>Scientific Name</u>	Afghan (Mondell) Pine*	Pinus eldarica	Arizona Cypress	Cupressus arizonica	Austrian Pine	Pinus nigra	Deodar Cedar*	Cedrus deodara	Eastern Red Cedar*	Juniperus virginiana	Japanese Black Pine*	Pinus thunbergiana	Loblolly Pine	Pinus taeda	Slash Pine	Pinus elliotti	<p><u>B. Protected Size:</u> Protected evergreen trees shall be any of the species listed that measure 8-feet in height or greater.</p> <p><u>C. Installation:</u> Any tree of a species marked with an asterisk (*) in the listing of species may be used as a replacement, landscape, or buffer tree. The minimum size required at installation for required replacement, landscape, or buffer trees shall be 8-feet in height.</p> <p><u>D. Buffer Tree Lines:</u> Tree lines established using evergreen trees shall provide a minimum 30 square feet of pervious area per tree with automatic underground irrigation provided. One tree shall be provided for each 25 linear feet and trees shall be planted no more than 25 feet apart (on center).</p>
<u>Common Name</u>	<u>Scientific Name</u>																			
Afghan (Mondell) Pine*	Pinus eldarica																			
Arizona Cypress	Cupressus arizonica																			
Austrian Pine	Pinus nigra																			
Deodar Cedar*	Cedrus deodara																			
Eastern Red Cedar*	Juniperus virginiana																			
Japanese Black Pine*	Pinus thunbergiana																			
Loblolly Pine	Pinus taeda																			
Slash Pine	Pinus elliotti																			

1A-504 ORNAMENTAL TREES		Ord. 3129/12-16-96																								
<p><u>A. Ornamental Tree Listing:</u></p> <table border="0"> <thead> <tr> <th><u>Common Name</u></th> <th><u>Scientific Name</u></th> </tr> </thead> <tbody> <tr> <td>Aristocrat Pear*</td> <td>Pyrus calleryana "Aristocrat"</td> </tr> <tr> <td>Bradford Pear*</td> <td>Pyrus calleryana "Bradford"</td> </tr> <tr> <td>Crab Apple</td> <td>Malus spp.</td> </tr> <tr> <td>Crape Myrtle*</td> <td>Lagerstroemia indica</td> </tr> <tr> <td>Deciduous Holly*</td> <td>Ilex decidua</td> </tr> <tr> <td>Flowering Peach</td> <td>Prunus persica</td> </tr> <tr> <td>Purple Leaf Plum</td> <td>Prunus cerasifer atropurpurea</td> </tr> <tr> <td>Red Bud</td> <td>Cercis canadensis "Texensis"</td> </tr> <tr> <td>Savannah Holly*</td> <td>Ilex "Savannah"</td> </tr> <tr> <td>Wax Myrtle</td> <td>Myrica cerifera</td> </tr> <tr> <td>Yaupon Holly*</td> <td>Ilex vomitoria</td> </tr> </tbody> </table>		<u>Common Name</u>	<u>Scientific Name</u>	Aristocrat Pear*	Pyrus calleryana "Aristocrat"	Bradford Pear*	Pyrus calleryana "Bradford"	Crab Apple	Malus spp.	Crape Myrtle*	Lagerstroemia indica	Deciduous Holly*	Ilex decidua	Flowering Peach	Prunus persica	Purple Leaf Plum	Prunus cerasifer atropurpurea	Red Bud	Cercis canadensis "Texensis"	Savannah Holly*	Ilex "Savannah"	Wax Myrtle	Myrica cerifera	Yaupon Holly*	Ilex vomitoria	<p><u>B. Protected Size:</u> Protected ornamental trees shall be any of the species listed that measure 8-feet in height or greater.</p> <p><u>C. Installation:</u> Any tree of a species marked with an asterisk (*) in the listing of species may be used as a replacement, landscape, or buffer tree. The minimum size required at installation for required replacement, landscape, or buffer trees shall be 8-feet in height.</p> <p><u>D. Buffer Tree Lines:</u> Tree lines established using ornamental trees shall provide a minimum 20 square feet of pervious area per tree with automatic underground irrigation provided. One tree shall be provided for each 15 linear feet. Trees may be planted in groups or evenly spaced, provided that no tree shall be more than 25 feet (on center) from any other tree.</p>
<u>Common Name</u>	<u>Scientific Name</u>																									
Aristocrat Pear*	Pyrus calleryana "Aristocrat"																									
Bradford Pear*	Pyrus calleryana "Bradford"																									
Crab Apple	Malus spp.																									
Crape Myrtle*	Lagerstroemia indica																									
Deciduous Holly*	Ilex decidua																									
Flowering Peach	Prunus persica																									
Purple Leaf Plum	Prunus cerasifer atropurpurea																									
Red Bud	Cercis canadensis "Texensis"																									
Savannah Holly*	Ilex "Savannah"																									
Wax Myrtle	Myrica cerifera																									
Yaupon Holly*	Ilex vomitoria																									

1A-505 OTHER PROTECTED TREES		Ord.3129/12-16-96																		
<p><u>A. Other Protected Tree Listing:</u></p> <table border="0"> <thead> <tr> <th><u>Common Name</u></th> <th><u>Scientific Name</u></th> </tr> </thead> <tbody> <tr> <td>Hackberry</td> <td>Celtis occidentalis</td> </tr> <tr> <td>Osage Orange</td> <td>Maclura pomifera (fruitless)</td> </tr> <tr> <td>Pond Cypress</td> <td>Taxodium distichum</td> </tr> <tr> <td>Sycamore</td> <td>Plantanus occidentalis</td> </tr> <tr> <td>Texas Ash</td> <td>Fraxinus texensis</td> </tr> <tr> <td>Weeping Willow</td> <td>Salix babylonica</td> </tr> <tr> <td>Western Soapberry</td> <td>Sapindus drummondii</td> </tr> <tr> <td>Other Species Not Listed</td> <td></td> </tr> </tbody> </table>		<u>Common Name</u>	<u>Scientific Name</u>	Hackberry	Celtis occidentalis	Osage Orange	Maclura pomifera (fruitless)	Pond Cypress	Taxodium distichum	Sycamore	Plantanus occidentalis	Texas Ash	Fraxinus texensis	Weeping Willow	Salix babylonica	Western Soapberry	Sapindus drummondii	Other Species Not Listed		<p><u>B. Protected Size:</u> Other protected trees shall be any of the species listed which have a trunk diameter of 12-inches or greater, measured diameter at breast height (DBH) above natural grade level.</p>
<u>Common Name</u>	<u>Scientific Name</u>																			
Hackberry	Celtis occidentalis																			
Osage Orange	Maclura pomifera (fruitless)																			
Pond Cypress	Taxodium distichum																			
Sycamore	Plantanus occidentalis																			
Texas Ash	Fraxinus texensis																			
Weeping Willow	Salix babylonica																			
Western Soapberry	Sapindus drummondii																			
Other Species Not Listed
