

MESQUITE

T E X A S

Real. Texas. Service.

Detail: Double Check Valve Assembly

Installation Requirements for Residential Irrigation

A State-licensed Backflow Tester, registered with the City of Mesquite, must test all backflow assemblies prior to the final irrigation inspection by the Building Inspection Department. A list of Backflow Testers can be found at www.cityofmesquite.com/utilities.

Note: The Public Works Backflow Inspector must be present for all backflow testing. Please contact the Backflow Inspector at 972-216-6947 when scheduling a backflow test.
