

## Employee/Volunteer Acknowledgment of the Alliance Direct Contracting Program

If I am hurt on the job (as an employee or volunteer), I understand that:

1. I must choose a treating doctor from the Political Subdivision Workers' Compensation Alliance (The Alliance) list of doctors designated as treating doctors. The most up-to-date list can be found online at [www.pswca.org](http://www.pswca.org).
2. I must go to my treating doctor, chosen from the Alliance list, for all health care for my injury. If I need a specialist, my treating doctor will refer me. If I need emergency care, I may seek emergency treatment.
3. I may have to pay the bill if I receive health care from a doctor, other than an Alliance doctor, without approval from the Texas Municipal League Risk Pool adjuster.

I have received information that tells me how to get on the job injury care under the City of Mesquite workers' compensation coverage.
