PUBLIC HEARINGS**13**

Conduct a public hearing and consider an ordinance for Zoning Application No. Z1023-0328, submitted by MM Mesquite 6, LLC, for a Comprehensive Plan amendment from Commercial to High Density Residential and a change of zoning from Planned Development - Commercial - Gateway within the Mesquite Arena/Rodeo Entertainment Overlay District (MARE) to Planned Development - Multifamily - Gateway within the MARE to allow a multifamily development with modifications, located at 410 Rodeo Center Boulevard.

(No responses in favor or in opposition to the application have been received from property owners within the statutory notification area. The Planning and Zoning Commission recommends approval of the application. This item was postponed from the January 16, 2024, City Council meeting.)

A public hearing was held for Zoning Application No. Z1023-0328.

Jeff Armstrong, Director of Planning and Development Services, stated that the applicant proposes construction of a four-story, 220-unit urban apartment development. The applicant will not be the developer of the community, so not all specifics of the development are known. However, the applicant has been in discussions with potential builders and is proposing this Planned Development to meet the expected development. The proposed parking ratio would be 1.5 spaces per unit. The request would also require a Comprehensive Plan amendment to change the recommended land use from Commercial to High-Density Residential.

Mr. Armstrong stated that this project will be a market rate multi-family development. The applicant has requested some modifications from the City's standard multi-family development requirements to increase the density from 25 units per acre to 35 units per acre, decrease parking spaces from 2 parking spaces per unit (440 spaces) to 1.5 parking spaces per unit (332 spaces) and locate parking spaces between the building and the street rather than behind the building. Based on 220 units, two acres of open space is required. However, the applicant is proposing 0.96 acres of open space. They are requesting additional outdoor and indoor amenities be added to the required list of amenities. They are also requesting to alter the unit mixture by increasing the efficiency units from 5 percent maximum to 20 percent maximum and lower the one-bedroom units from 50 percent minimum to 40 percent minimum.

Applicant Trevor Kollinger, representing Centurion American, presented an update on the Iron Horse Village project and an overview of the proposed multi-family development. He stated that with a higher end multi-family development, they believe it will spur interest in the entertainment area along the perimeter of Iron Horse Village.

Councilmembers expressed concerns regarding incomplete projects in Iron Horse Village such as the community pool and a list of projects that need attention.

Mr. Kollinger stated that he has been in contact with the general contractor regarding the community pool at Iron Horse Village and confirmed that the community pool will be completed by May 1, 2024.

(1) Perla Bouche, Iron Horse Village Homeowners Association (HOA) President, 2025 Amarillo Place, expressed concerns regarding incomplete projects in her neighborhood.

(2) Meris Gonzalez, Vice President of the Iron Horse Village Neighborhood Vitality Group, 1901 Buffalo Hill, expressed concerns regarding the effect of the multi-family project on her neighborhood.

No others appeared regarding the proposed application.

Mr. Casper moved to approve Zoning Application No. Z1023-0328, as recommended by the Planning and Zoning Commission, and to approve Ordinance No. 5093, AN ORDINANCE OF THE CITY OF MESQUITE, TEXAS, AMENDING THE MESQUITE COMPREHENSIVE PLAN BY PROVIDING A COMPREHENSIVE PLAN AMENDMENT FROM COMMERCIAL TO HIGH DENSITY RESIDENTIAL AND AMENDING THE MESQUITE ZONING ORDINANCE BY APPROVING A CHANGE OF ZONING FROM PLANNED DEVELOPMENT – COMMERCIAL – GATEWAY WITHIN THE MESQUITE ARENA/RODEO ENTERTAINMENT OVERLAY DISTRICT (“MARE”) TO PLANNED DEVELOPMENT – MULTIFAMILY – GATEWAY WITHIN THE MARE TO ALLOW A MULTIFAMILY DEVELOPMENT WITH MODIFICATIONS AND SUBJECT TO THE PLANNED DEVELOPMENT STANDARDS AND THE CONCEPT PLAN ON PROPERTY LOCATED AT 410 RODEO CENTER BOULEVARD; REPEALING ALL ORDINANCES IN CONFLICT WITH THE PROVISIONS OF THIS ORDINANCE; PROVIDING A SEVERABILITY CLAUSE; PROVIDING A PENALTY NOT TO EXCEED \$2,000.00; PROVIDING PUBLICATION OF THE CAPTION HEREOF; AND PROVIDING AN EFFECTIVE DATE. Motion was seconded by Mr. Murden. On call for a vote on the motion, the following votes were cast:

Conduct a public hearing and consider an ordinance for Zoning Application No. Z1023-0331, submitted by Coreen Robertson on behalf of James Kalakkattu, for a change of zoning from General Retail to Planned Development - General Retail to allow the construction of office warehouses, located at 1511 East Kearney Street.

(No responses in favor and two in opposition to the application have been received from property owners within the statutory notification area. The Planning and Zoning Commission recommends denial of the application. This item was postponed from the January 16, 2024, City Council meeting.)

A public hearing was held for Zoning Application No. Z1023-0331.

Jeff Armstrong, Director of Planning and Development Services, stated that the applicant proposes to construct 14 - 2,200-square-foot office-warehouse spaces, consisting of seven buildings with two spaces each, on the three-acre site. All buildings will face inward toward the parking area. The intent is to lease the spaces to small contractor businesses, office uses and possibly retail uses. The applicant is proposing a 25-foot greenspace buffer with a screening wall along the alleyway behind the residential homes. The property will be accessed from East Kearney Street and Rosebluff Terrace.

Mr. Armstrong stated that the Planning and Zoning Commission recommends denial. The applicant has submitted a timely appeal of the Planning and Zoning Commission's denial.

Applicant Coreen Robertson stated that their vision is to provide a home for businesses that can generally offer services for the daily needs of residents. She stated that consideration was given to pure retail, restaurant and service type businesses. However, an analysis of the area indicates that there is no demand for these types of businesses.

No one appeared regarding the proposed application.

Conduct a public hearing and consider an ordinance for Zoning Application No. Z1123-0336, submitted by Masterplan on behalf of Mesquite Community Development, LLC, for a Comprehensive Plan amendment to change the future land use designation from Office to High-Density Residential on Tract 1 and for a change of zoning from Planned Development - Retirement Housing Ordinance No. 3821 and Planned Development - Light Commercial Ordinance No. 2124 to Planned Development - Multifamily and Light Commercial to allow an approximate 300-unit multifamily development on Tract 1 and light commercial uses on Tract 2, located at 5201 Northwest Drive.

(No responses in favor or in opposition to the application have been received from property owners within the statutory notification area. The Planning and Zoning Commission recommends approval with certain stipulations.)

A public hearing was held for Zoning Application No. Z1123-0336.

Jeff Armstrong, Director of Planning and Development Services, stated that the applicant proposes construction of a 300-unit market rate apartment complex. The proposed development would include three, 3-story buildings housing 264 units and 36 units that will be located within nine townhouse-style buildings, which will be part of the apartment complex and not on separate lots. The nine townhouse-style buildings will front Northwest Drive. The ordinance requirement for parking is 2 spaces per unit (600 spaces). However, the applicant is proposing 2.05 spaces per unit (615 spaces). The southernmost portion of the parcel will be reserved for light commercial uses, for which it is currently zoned.

Mr. Armstrong stated that six outdoor amenities are required. However, the applicant is proposing the addition of a dog park, pickleball courts and an outdoor games area as permissible outdoor amenities. Seven indoor amenities are required and the addition of an 1,800-square-foot club room, game room/lounge and community room are proposed. The development is required to have a minimum of 50 percent one-bedroom units and the applicant is proposing a minimum of 49 percent one-bedroom units.

Applicant Karl Crawley, representing Masterplan, stated that the property was formerly owned by Christian Care for future retirement housing and commercial uses. However, these plans never came to fruition and the property was sold.

No one appeared regarding the proposed application.
