MAYOR'S CORNER

Texas is America's fastest growing state, which means we must continue to expand and preserve our transportation system. With more than 1,200 people a day moving to Texas, we must continue to invest in our infrastructure. On November 4, Texans will decide if they want to make a critical investment in our transportation system. Proposition 1 will ask Texans to invest in infrastructure, while continuing to grow the balance of the state's rainy day fund. Funds deposited in the state highway fund will only be used to build additional capacity on our congested highways and preserve the system we have. However, funds from this proposition cannot be used to build toll roads. There is an effort underway to educate the voters about this amendment. As your Mayor, I encourage you to learn more about it by visiting www.infrastructuretexas.org.

Did You Know?

This is a monthly section to give readers a brief insight into the City's operations, services and programs.

Did you know that one of the best ways for a pet owner to be reunited with a lost pet is to put an ID tag on its collar? Every year over 4,000 pets in Mesquite are lost and less than 20 percent make it back home. An ID tag doesn't need to be fancy. It can be a current vaccination tag or one that is engraved at the local pet or hardware store. Be sure to update the tag as the vaccinations are updated, or when moving or changing phone numbers. Often pets with ID tags are returned directly to the owners by a good Samaritan without ever coming to the animal shelter. For more details on this and other tips, call the Mesquite Animal Shelter and Adoption Center at 972-216-6283.

Mesquite to host sprinkler workshop on June 7

Misdirected or broken sprinkler heads and long run times can all lead to water waste and high water bills. The City's Water Conservation Office will host a free seminar June 7, 9:30 – 11 a.m. at Rutherford Community Center, 900 Rutherford Drive to teach basic irrigation repairs. The seminar will include topics such as replacing broken heads or nozzles, how to set an irrigation controller, seasonal adjustments, cycle soak watering, drip irrigation and more. Attendees will receive a free moisture meter and rain gauge. **You must pre-register to attend.** To register, call 972-329-8300 or email: kfonvill@cityofmesquite.com.

Free Shriners' Parade – June 7

On June 7, at 10 a.m., members of the Texas Shrine Association will march in their Annual Parade in historic downtown Mesquite. The parade is part of their 2014 Annual Conference being held in Mesquite. The parade route begins on Bryan-Beltline Road at East Gross, travels north on Beltline, turns west on Main Street, south on Ebrite Street, east on Davis Street to Bryan-Beltline Road and back to the starting point. The parade is free and open to the public. For more information, call the Mesquite Convention and Visitors Bureau at 972-204-4928.

Mesquite encourages parents to avoid long lines and last minute immunization rush

The Mesquite Public Health Clinic urges parents of school-aged children to stop by the Mesquite Health Clinic during the summer to get the required immunizations for next school year. During early summer the Health Clinic is usually at its lowest client demand, making it the perfect time to take care of the required immunizations. The clinic is located at 1616 N. Galloway Avenue and is open Monday - Wednesday from 8 - 11 a.m. and 1 - 4 p.m. For more information, please contact the Mesquite Health Clinic at 972-329-8326.
