## ABOUT THE PUBLIC ART PROGRAM

The Mesquite Arts Council initiated the development of a percent for art program for the City of Mesquite in 2003. After review of area programs, including the cities of Dallas, Plano and Frisco, a Mesquite policy was written and presented to the mayor and city council in 2004. An ordinance was created and passed that provides 2% of capital improvement projects for the Mesquite Public Art Program.

### MISSION

- Strengthen economic development and tourism
- Enhance neighborhood identity
- Educate children and adults
- Support a public process for incorporating artist services and artworks in the design of civic spaces and facilities
- Enrich the spirit and pride of its citizens
- Significant works of art are located throughout the City and represent major artists from the region and across the United States.
