

REAL. TEXAS. SERVICE. CHAMPION

Jonathan Browning, Public Works

Jonathan Browning is a Graduate Engineer in the Engineering Division of Public Works. He is responsible for private land review, City funded projects and construction management. He also serves as the City's liaison with the Texas Department of Transportation, and was instrumental in the construction of the U.S. 80 service road extension and exit ramp at Galloway Avenue.

Jonathan's positive attitude and willingness to serve others have made him a true asset to the City. He has become a trusted resource who diligently assists other departments, contractors, citizens and developers. He is a true team player, known for providing excellent customer service.

Thank you, Jonathan, for providing the Mesquite community with Real. Texas. Service.
