

REAL. TEXAS. SERVICE. CHAMPION

Brenda Hood, City Attorney's Office

Brenda is the Legal Services Administrator and is responsible for tracking all legal matters and coordination of the City Attorney's Office with other departments.

Brenda's focus and strong multi-tasking fundamentals are extremely valuable skills for an office that deals with time-sensitive information on a daily basis.

Brenda has showcased her value to the city and the community by being proactive in embracing the additional responsibility the City Attorney's Office took on to collect back taxes of foreclosed properties.

Brenda's work ethic and tenacity has resulted in the City, MISD and other taxing authorities to recover significant unpaid taxes - and has created opportunities to rehabilitate properties rather than demolish them which in turn has built additional civic pride in neighborhoods.
