

Notice of Upcoming Road Construction - Weather Permitting Construction Starting April 13, 2020

April 8, 2020

Dear Residents of the **Indian Trails Subdivision**

The City of Mesquite is excited to begin street repairs in your area as part of the Real. Texas. Roads. program. These improvements are possible due to our citizens’ support in passing the residential street bond election in November 2015.

The following indicates the streets that will be worked on and the corresponding repair method that will be used:

Street Segment	Repair Method
Osage Trail from Mesquite Valley to Blackfoot Trail Quapaw Trail from Mesquite Valley to Blackfoot Trail Blackfoot Trail from Osage Trail to Quapaw Trail Chippewa Trail from Osage Trail to Quapaw Trail Apache Trail from Osage Trail to Quapaw Trail Seminole Trail from Osage Trail to Quapaw Trail Arapaho Trail from Osage Trail to Quapaw Trail	Full Depth Concrete Repair at Select Locations

What does the repair method indicated for my street include?

Full Depth Concrete Repair at Select Locations: City staff will determine what areas of the street and sidewalk are in moderate to severe condition and the concrete at those locations will be removed and new reinforced concrete will be poured at those locations. The concrete identified for replacement will vary in size and length. After the concrete is removed and replaced, the contractor will grade, place sod and clean up the area disturbed by the construction.

What to expect during construction:

We will try to minimize disruptions to your daily routine; however, the planned construction will require temporary street and parking restrictions during construction. We thank you in advance for your patience and cooperation during construction. **“No Parking”** areas on the street will be marked by signs when needed to facilitate construction. Keeping these areas free of vehicles on both sides of the street is one of the most important ways you can help us to speed up construction and minimize inconvenience. City staff will send out additional notices as needed due to changes in mail service, changes in driveway access, partial street closures or other project impacts.

Streets Inspector **Jesse Ortiz** will be your project inspector and your primary City contact for the duration of the project. This inspector will be in your area daily, and can be reached at **972-216-6282 (office) or 469-363-1474 (cell)** or by email at jortiz@cityofmesquite.com. If you have any questions or would like additional information, please let us know. We would also like to encourage you to report issues and concerns regarding this project or anything else in the city by using the new MyMesquite App (visit www.cityofmesquite.com/myMesquite to learn more).

To learn more about the program, please visit www.cityofmesquite.com/RealTexasRoads/IndianTrails, and we look forward to providing you Real. Texas. Service!

Sincerely,

Daren Butler

Assistant Manager Street Division – Outside Contract Management
