## Procedures for Planned Development

**Incomplete Application:** If the application is incomplete, the applicant will be notified. Applications that remain incomplete 45 days after the date of submittal shall expire. Incomplete applications will not be reviewed and will not be scheduled for public hearings until the application is considered complete.

**Public Hearings/Notification:** Public hearings are open to all interested parties where such parties may present testimony in favor or in opposition to a requested action. Once an application is accepted and the dates of the public hearings are established, notice of the action, hearing date and place will be publicized by the following methods: 1) Publication in the Dallas Commercial Record and Forney Messenger, and 2) Written notice mailed to property owners within 200 feet of the subject property (the statutory notification area). Where appropriate, the notice may be distributed beyond 200 feet to increase public participation. Property owners are also furnished with response forms, which they can return to the Planning Office to indicate their position for a requested change.

**Staff Comments and Recommendations:** The Planning staff will review the proposals and prepare a staff report to the Planning and Zoning Commission (the Commission). The report will include comments regarding the request and a recommendation for action. This report is available to the applicant, public, and the Commission by the Friday before the meeting.

**Planning and Zoning Commission:** The Planning & Zoning Commission holds a public hearing at their regular meeting, and anyone can get up and speak for or against the case. The Commission may recommend approval, denial, or to postpone a zoning request. If the Commission recommends approval, the case is automatically scheduled for a public hearing before the City Council. If the Commission denies a request, the applicant has 10 days to appeal this decision to the City Council.

**City Council:** The City Council (the Council) will hold a hearing and may sustain or reverse the Commission's recommendation by a simple majority vote. A  $\frac{3}{4}$  vote of the Council is required if the owners representing 20% of the property within the statutory notification area file written opposition to the proposed change. Council's action is final, and a request that has been denied may not be presented again for one year without extenuating circumstances.

**Presentation/Postponement:** The applicant or a representative is recommended to be present at all hearings to describe the proposed change and answer questions. Hearings may be held, and action may be taken, whether or not the applicant is in attendance.

**Meeting Information:** All public hearings will be held at City Hall, located at 757 North Galloway Avenue. Pre-meetings, if held, begin at 6:30 p.m. and regular meetings start at 7:00 p.m. in most cases. Should the meeting time change, you will be properly notified.

Any requests for sign interpretive services must be made 48 hours in advance of the meeting by calling the City Secretary's Office at (972) 216-6244 or TDD 1-800-735-2989.

**Site Plan Submittal:** If Council approves a Planned Development for new development or redevelopment of a nonresidential project, an approved site plan will be required before building permits are issued. Please review the Site Plan application and contact your Case Manager for more details.
