

REAL. TEXAS. SERVICE. CHAMPION

Captain Keith Hopkins, Fire Department

Fire Captain Keith Hopkins has worked for the Mesquite Fire Department for more than 23 years and currently supervises a fire crew, including coaching, development, emergency scene management, pre-fire planning, fire prevention activities and much more.

Captain Hopkins goes far and above teaching leadership. He works at our busiest fire station, yet always maintains a good attitude. He is a phenomenal speaker and teacher, and often says, “Instead of looking to see if the grass is greener, how about we just make our grass greener?”

He is a tremendous asset to our community, always placing the citizens of Mesquite first. He is a true Real. Texas. Service. Champion.
