### **Darren (Dino) Porter, Mesquite Metro Airport**

Dino Porter is an Airfield Maintenance Specialist at the Mesquite Metro Airport. He is responsible for maintaining the safety and security standards at the airport. He is always quick to understand and react to concerns and has become the “go-to” person for most of the airport’s tenants.

Dino is always willing to help any staff member or customer at the airport and has been a tremendous asset assisting construction crews at the airport. He places customer service above everything else and understands that as a City of Mesquite employee, his primary purpose is to serve others.
