

## **REAL. TEXAS. SERVICE. CHAMPION**

### **Steven “Todd” Clearman, Parks & Recreation**

Steven “Todd” Clearman is the Supervisor of the North District in Park Services for the Parks and Recreation Department.

Todd is responsible for the maintenance of the parks, athletic fields, and community centers in his district and all the employees in that district.

Todd is driven by duty and responsibility. He personally handles issues, even if it's afterhours and he's not on-call. Todd has used his fabrication skills to build many items for special events, including all the floats for Christmas in the Park.

Todd goes above and beyond his job description by managing the fleet, watching over pool maintenance, and overseeing the set-up and tear down of City special events.

For over the last 25 years, Todd has put the needs of citizens before his own. He also cares about the needs of our neighboring community. A fine example of this is when he led a team of volunteers from Park Services to assist Rowlett with debris clean-up after they were struck by a tornado a few

years ago. Todd made us all proud and demonstrated how the City of Mesquite cares.
