

2016 Fire Department Lifesaving Award – Ambulance 03, Engine 03

Mesquite, TX – January 15, 2016 – On October 16, 2015, Ambulance 03 and Engine 03 responded to a major accident. Upon arrival, ambulance 03 found a 79-year-old male driver slumped over the wheel of his vehicle and unresponsive. A citizen who witnessed the accident was with the patient and stated she had just performed “rescue breaths.”

They moved the patient to the ambulance while starting CPR. Engine 03 then arrived and assisted. After shocking the patient twice while starting an IV and performing CPR, the patient started breathing on his own. Everyone worked without hesitation to give excellent patient care and it resulted in a positive outcome.

Today we honor the following members for a job well done.
