

REAL. TEXAS. SERVICE. CHAMPION

Suzette Stone, Public Works Department

Suzette is a Senior GIS Analyst in the City's Public Works Department. She is responsible for maintaining the City Address database, writing database scripts and diverse web applications for various departments.

She also worked with every department involved with the City's new online permit and plan management system to ensure all needs were met, resulting in numerous compliments about her work ethic from other departments.

Suzette's intelligence, cheerful demeanor and dedication to her job make her the primary "go-to" person in the GIS Division. Doing the bare minimum is not in her nature and she always goes well beyond what is expected of her. She is a true asset to the City of Mesquite as well as our community.
